

Ike Hopes Public Will Back Labor Bill Appeal

Radio, TV Talk Set For Today

WASHINGTON (UP) — President Eisenhower appeals to the nation in a coast-to-coast radio and TV speech late this afternoon to support tough labor reform legislation.

Republicans hoped the White House appeal would bring a flood of letters and telegrams that would persuade the House to pass a stiff, Eisenhower-backed substitute instead of a middle-of-the-road cleanup bill approved by the House Labor Committee.

BUT SOME DEMOCRATS felt that Eisenhower's intervention could boomerang and rally Southerners behind the committee bill by injecting partisanship into the issue. Many Southerners have favored the tougher substitute.

The Democrats were trying to decide who should answer Eisenhower's speech if the networks grant their request for equal time. They were confident that the broadcasters would give them time to plug the committee bill before the House takes up the issue next week.

ALL TELEVISION and radio networks will carry the President's appeal live between 4:30 and 4:45 p. m. (e.d.t.). Some of the radio networks will rebroadcast a recording of the speech later.

AFL-CIO President George Meany goes on NBC radio two hours after the President in an attempt to muster support for a bill even milder than the committee measure, or no legislation at all.

KEY REPUBLICANS said Eisenhower would renew his endorsement of the tough substitute, offered by Reps. Phil M. Landrum (D-Ga.).

Mosk Suggests Strengthening Of Boxing Laws

SACRAMENTO (UP) — "Unsavory and undesirable eastern figures" have wormed their way into national television fights, California Attorney General Stanley Mosk charged today.

Mosk made the charge in a report to Gov. Edmund G. Brown. He suggested several changes in boxing regulations and state laws, including one which would require "tighter auditing" of fight money "to prevent unlawful depredations of the fighter's purse."

THE DEMOCRATIC attorney general started his investigation of boxing after Los Angeles promoter Jack Leonard allegedly was beaten June 3.

Mosk told the governor that the State Athletic Commission had run into "a serious policy problem" in the promotion of "package fights."

HE SAID THE package fights come complete with pugilists, managers and promoter. They are put together by regular and theater television interests as well as "itinerant promoters" such as manager of title holders, preventing close supervision by the athletic commission.

WEATHER

Desert area forecast:
Mostly sunny today and Friday, but increasing afternoon cloudiness. Scattered showers near the Colorado River Valley today, spreading to most sections Friday. Little change in temperatures. High today 98 to 112. High yesterday was 107, low 66.

Nixon Reports To Security Council Today

Gives Impressions
Of Russian Trip,
Khrushchev Visit

WASHINGTON (UP) — Vice President Richard M. Nixon reported to the National Security Council today on his Russian tour and the importance of Soviet Premier Nikita Khrushchev's U. S. visit next month.

Nixon, who returned Wednesday from a two-week trip through Russia and Poland, brought back some up to the minute tips on dealing with the impetuous and hard-hitting Soviet leader.

HE THUS IS expected to take a leading role in devising strategy for dealing with Khrushchev when he arrives next month for a visit with President Eisenhower and his first look at the United States.

Nixon, who gave the President a first hand report Wednesday immediately on his return from abroad, met with Eisenhower and members of the hush-hush Security Council at its regular meeting today.

THE PRESIDENT WAS to get another report today on dealings with the Soviets from Secretary of State Christian A. Herter when he returns from the Geneva foreign ministers' meeting.

Herter had a 6 p.m. e.d.t. appointment with the Chief Executive.

Meanwhile, in Russia, Soviet Premier Nikita Khrushchev flew to his hillside summer retreat overlooking the Black Sea today to "gain strength" for his trip to the United States next month.

And in San Juan, Puerto Rico, in a related measure, U.S. governors trimmed their invitation list to Soviet officials on the advice of the State Department.

U.S. Investigating Teamster Rackets

WASHINGTON (UP) — Asst. Atty. Gen. Malcolm R. Wilkey said today the Justice Department is investigating "wholesale" racketeering, perjury and income tax evasion by members of the Teamsters Union.

MOSCOW AUDIENCE GIVES 'ANNE FRANK' BIGGEST OVATION

MOSCOW (UP) — A sellout audience of a thousand persons stuck it out at the Moscow Film Festival until 2 a. m. today to see America's "Diary of Anne Frank." It got the biggest applause yet in the three-day-old showings.

"Diary" was the only American movie to be presented at the festival, and it was entered outside competition so that it was not eligible for an award.

Several times during the show, particularly in the scenes where Milly Perkins, as Anne Frank, experiences her first date and first kiss, the spectators spontaneously applauded and buzzed appreciatively.

City Pays Off Final Bills on Right-to-Work'

Palm Springs City Council Wednesday night washed their hands of their four-year attempt to get a right-to-work law for the resort city, paid off their bills, and settled down to running city government.

But because of two councilmen were absent from last night's session, payment of a \$1,320.24 final bill from the law firm of Mullin, Rechter, Balthis and Hampton, attorneys, was almost lost for the need of a majority vote.

Councilwoman Mary Carlin cast a "no" vote along with Councilman Leonard Wolf, and with the two members absent, left the majority against the payment.

City Attorney Jerry Bunker pled with Mrs. Carlin to approve the bill which had been formally approved by the former City Council, and after a short discussion Mrs. Carlin changed her vote, only after saying that she is strongly against the hiring of outside attorneys to fight the city's cases.

"We hire a city attorney and he should handle these matters," she added.

Leonard Wolf, who has voted continuously against the right-to-work measure since it was first brought before the council, kept his record clean by voting the same way last night, but quickly cast a "yes" vote for the payment of \$529.61 to defray costs of the plaintiffs in the same case.

Indian Land Decision May Come Today

Sub-Committee Due
To Report Bill on
Lease Extensions

The House Sub-Committee for Indian Affairs, which has been conducting a series of hearings on the Agua Caliente Indian equalization bill and a new "longer-leasing" bill, is expected to make a report on its determinations either today or tomorrow, according to Vyola Olinger, former chairman of the local Indian tribe.

The proposed bill calls for equalization of Indian land among all members of the local tribe.

EQUALIZATION would be accomplished by using unallotted lands of the Agua Caliente reservation; the holding of certain land as Tribal properties such as the canyons, mineral bath area, and cemetery and the sale of the land on which the municipal airport is located to the City of Palm Springs.

Longer leasing, which was requested by the local Indian tribe and supported by the city of Palm Springs, asks that Congress approve 99 year leases.

PRESENTLY the local Indians can lease their allotted lands for 25 years with an option for 25 years more, but according to many investors this is not long enough to invest in Indian land and get backing from loan institutions.

Mayor Frank Bogert who — with City Attorney Jerry Bunker — went to Washington, D. C. to testify in both cases, said the longer leases would "be one of the finest things that could happen to Palm Springs and the surrounding area."

Budget, New Site On Agenda for JayCee District

PALM DESERT — Public hearing on a new budget and final action on a college site head the agenda for tonight's meeting of the Coachella Valley Junior College District Board of Trustees.

Hearing opens at 7:30 p.m. today on the district's \$974,447 budget for fiscal 1959-60.

The board is also scheduled to take final action on approval of the Odell Ranch here as the site for the future College of the Desert.

The board meets in the district office at 76-273 Highway 111.

Secret Meeting Held

Steel Strike Talk Progress Seen

NEW YORK (UP) — The longest consecutive joint negotiating sessions since the beginning of the 24-day-old nationwide steel strike went into their fourth day today. A secret meeting also was held between top union and industry spokesmen Wednesday.

Federal Mediation Director Joseph F. Finnegan said there was no sign of an immediate break in the economic deadlock but he believed contract issues were being discussed "in a more workmanlike way."

WHILE NEGOTIATING subcommittees discussed specific contract terms Wednesday. United Steelworkers of America (USW) President David J. McDonald and the head of the industry bargaining team, R. Conrad Cooper, met

SIGNING A RESOLUTION calling for a \$4,160,000 bond issue, Palm Springs Board of Education members, left to right, Berton Lamb, B. H. Poliak, board president, and Charles Wallace hope to launch plans for a three-year school building program and a long-range school planning project as Schools Supt. Dwight Twist looks on. The board also unanimously adopted a new, 1959-60 budget for \$2,378,478, with an attendant tax rate of \$1.65 per \$100 of assessed property evaluation. The bond issue is scheduled to go before school district voters on Oct. 13, concurrently with a Coachella Valley Junior College District bond proposal expected to reach into the millions. (Desert Sun Photo).

SCHOOL'S PERMIT DELAYED BY CITY

An application by Mrs. Edith Ritter for a play school under a conditional use permit at 250 South Patencia Road was continued by the City Council last night until Sept. 8.

As reported in The Desert Sun last week, City Attorney Jerry Bunker last night recommended to the council that the application for a CUP be continued to a later date.

Washington Has Two Earthquakes

SEATTLE (UP) — Two "moderately damaging" earthquakes were recorded on University of Washington instruments Wednesday night and tremors from the quakes were felt throughout most of central and parts of western Washington, Dr. Frank Neumann, seismologist at the University of Washington, said today.

Kaiser in Court On Vacation Pay

LOS ANGELES (UP) — Kaiser Steel Corp., of Fontana, Calif., sought Superior Court relief today from a California Labor Commission ruling that striking employees must be given vacation pay immediately.

No date has been set for a hearing on the case.

ACADEMY AWARD WINNING DIRECTOR STURGES SUCCUMBS

NEW YORK (UP) — Preston Sturges, 60, play and motion picture writer and director, died early today in the Algonquin Hotel here.

Police said Sturges complained of chest pains when he entered the hotel, where he has lived for several months, shortly after midnight. He was helped to his room but died before a physician arrived.

He began his directing career in 1940 with "The Great McGinty," for which he received an Academy Award as the writer of the year's best original screen play.

Tahquitz Drive Contract Goes To Low Bidder

With a directive to the city administration "to keep a close watch on the construction of Tahquitz Drive," the City Council last night approved the letting of a \$114,739.40 contract to Massey Construction Company, low of three bidders submitted on the job.

In a conference session of the council prior to the council meeting, councilmen discussed the possibility of awarding the contract to the second lowest bidder because of past trouble on city projects with the Massey firm.

VICE-MAYOR Ted McKinney told The Desert Sun that Director of Public Works Phil Abrams reported that most of the trouble (which included the shortage of materials used in a street project) was due to inspection and engineering inadequacies "and was not the fault of the construction firm."

"All we can do," commented McKinney, "is to watch the project carefully and see that a good job is done. We have to have the project under way by Sept. 1 — which it will be — and it will be completed by the end of the year."

Defends Sex Survey

Fate of Teacher Now Up to Board

LOS ANGELES (UP) — The California teaching career of a high school teacher who conducted among his teen-age students a "Little Kinsey" sex survey was in the hands of the California Board of Education today.

Cecil Cook, 38, defended his sex survey as "Not harmful" Wednesday at the closing of the six-day hearing before a Department of Professional and Vocational Standards hearing officer.

BUT, HE ADMITTED, "I'm not so sure I would again give the questionnaire at all in light of what has happened. I think there

Issue Goes Before Voters In October

Junior College Plans
Similar Campaign
For Building Funds

Blueprinting a three-year school building program coupled with a long-range site acquisition project, Board of Education members last night drafted a resolution calling for a \$4,160,000 bond issue.

Tagged as the second phase of a five-year school expansion program launched in 1957, the proposed bond issue goes to school district voters Oct. 13 on a ballot also expected to carry a multi-million-dollar junior college bond proposal.

Earlier last night, the board unanimously adopted a \$2,378,478 budget for school operations for 1959-60. The budget was unopposed at a preliminary hearing which preceded the board's final action.

BASICALLY, THE record bond issue authorized last night provides a three-year school building schedule tailored for the needs of an estimated 4,500 students.

But a far-reaching site acquisition phase, tacked onto an expansion program charted by a Citizens Advisory Committee two years ago, provides a foundation for expansion of school facilities to meet increasing student requirements "as they arise" in the more distant future.

"These school buildings are facilities needed in the next three years," explained Schools Supt. Dwight Twist. "But the site acquisition plan is designed for expected school growth over a much longer period."

Twist said he expects the school population to increase by 50 per cent in the next three years and to double — to more than 6,000 students — by 1965.

Fire-Fighters Contain Blaze

SAN BERNARDINO, Calif. — Fire fighters today contained 50 per cent of the 35-mile perimeter of a giant forest fire in San Bernardino National Forest.

Full containment of the 11,200-acre blaze by 1,800 fire fighters was hoped for by tonight.

The blaze broke out Sunday in a stable and arson investigators said it definitely had been set by a man.

An investigation was underway to determine whether it was set accidentally or on purpose.

Six firemen received injuries battling the fire and one firefighter died when he suffered a heart attack while on fire lines.

NEW REALTY BOARD member Thomas W. Gemmill, center, is greeted by Palm Springs Real Estate Board President Don Cameron at the board's Biltmore Hotel breakfast meeting this morning. Looking on are, left to right, Ernie Dunlevie, Rev. Edwin Rogers, of Palm Springs Community Church, who delivered the meeting invocation, and board member Herb Lakey. Gemmill, a veteran Burbank Realtor, now living permanently in Palm Springs, is currently 13th District regional vice president of the California Real Estate Association. (Desert Sun Photo).

Indian Affairs Bureau Okehs 3 Land Sales

Alexander Gains 60 Acres; Okeh Seen For Meiselman Buy

Ray Jackson, director of the Bureau of Indian Affairs office in Palm Springs, today said that the Bureau has approved the sale of three pieces of land sold by bid July 1.

The three pieces, were high bid by George Alexander and were accepted for sale. Two others, high bid by Jack Meiselman, have not been approved by the bureau but are expected to be as soon as papers are signed by guardians of the property.

THE THREE PIECES that were purchased by Alexander include 20 acres in Section 2, an adjoining 20 acres in the same area, plus a 20 acre piece in Section 24. The Meiselman property that is expected to be approved by the Bureau in Sacramento is located—20 acres in Section 12 and 13.17 acres in section 25.

ALEXANDER BOUGHT the Indian land in three separate bids totaling \$235,555 for 60 acres and Meiselman, in two separate bids, totaled \$204,125.

There were 13 parcels of land up for sale. Two were not bid on and six were bid below the appraised value.

PALM DESERT ASKS COUNTY TO VETO FENDER SHOP PLAN

PALM DESERT — Chamber of Commerce directors today voiced their opposition to plans for a Highway 111 auto body and fender repair shop here.

Chamber directors endorsed a resolution asking the Board of Supervisors to deny an appeal of a zoning variance application rejected by the County Planning Commission.

A supervisors hearing is scheduled Monday on an appeal of a rejected application for a variance from established C-P (commercial) zoning to permit operations of an auto repair shop next door to the Texaco Service Station on Highway 111 here.

The chamber resolution urged the County Supervisors to "deny any attempts to set aside this (C-P) zoning by means of a variance," claiming that any such variance would "break down the zoning" and create a state of confusion in which "no consistent zoning would be possible."

State Supreme Court Nixes Plea By Chessman

SAN FRANCISCO — (UP) — The California Supreme Court today refused to grant a rehearing to convict — author Caryl Chessman, the kidnaper-killer who has avoided the San Quentin death chamber for 11 years.

The high court will return the case Friday to the trial court in Los Angeles County which is expected sometime next week to fix a new execution date for Chessman.

Under normal procedures Chessman's new date with the gas chamber would be set sometime in the middle of October.

Chessman, 38, has said that if denied a rehearing he would appeal to the U.S. Supreme Court and seek a stay of any new execution date. It would be the eighth time that he has carried his cause to the highest tribunal.

Closed Gates At Thomas Mt Brings Inquiry

'Special Privilege' Charge Hurlled by Residents of Area

Riverside County supervisors have voted to demand an explanation of closed gates at the entrance to Thomas Mountain area which had been scheduled for opening "to the public" on July 1.

The board acted this week after Dr. J. M. Kolisch told the supervisors that he had been advised the Forestry Service had opened the closed area "for hunting purposes only."

DR. KOLISCH ASKED the supervisors to "reconsider your approval" of the opening of the area.

"Give us the protection we sincerely feel we deserve," the doctor pleaded.

Dr. Kolisch indicated that the opening served only a "special privilege group."

"The area was opened under the pretext that it would be open to all the public," declared Kolisch. "We contended that is not possible because there are no water or other facilities there and no proper roads."

THE FORESTRY SERVICE has opened the area under pressure from two hunting organizations in which Forestry Service officials have a direct interest. One of the officials is vice president of one of the two organizations urging the opening.

Dr. Kolisch obviously referred to Forest Ranger John Gilman who admitted at a hearing before the board June 29 under questioning by Dr. Kolisch that he is vice president of the Isaac Walton League at Idyllwild but said he was not present at the meeting at which the League chapter supported the Forestry Service in its announced intention of opening the Thomas Mountain area.

"THE AREA SHOULDN'T be opened just for hunters endangering it to fire," said Dr. Kolisch.

"It was my understanding that the area was to be open to everybody," declared Supervisor George Berkeley.

John Meyers who resides in the Santa Rosa Mountains said gates to the Thomas Mountain area were closed and locked Sunday.

"I agree," said Supervisor Fred McCall. "I went up there myself Sunday and all the gates into the area were locked."

MEYERS TOLD THE supervisors that a statement made to them by Gilman June 22 that the decision of whether or not to open the area rests with the Forestry Service and not with the board of supervisors is erroneous. He said officials of the Forestry Service on a higher level have agreed that it is up to the supervisors to determine whether or not the area should be opened.

With Dr. Kolisch and Meyers Monday was A. H. Nightingale who previously presented to the board a petition with close to 300 signatures in opposition to opening the 12,000 acre forest reserve.

The opening has also been protested by the Lake Hemet Municipal Water District.

BRING YOUR OWN RECORD DANCE SET AT CENTER

The newest fad of America's teen-agers — a "Bring Your Own Record" juke box dance scheme — goes into its third week at the Palm Springs Youth Center Friday night on a wave of popularity.

The dances, for junior high aged youngsters, begin at 7:30 p.m., last until 9:30 in the Youth Center.

Teen-agers bring their favorite disks, flip 'em onto a turntable, then dance to the music they like best. Between records, refreshments are available.

OPENING TONIGHT in the Starlite Room of the Chi Chi here is the Dick Rock Trio, a musical group that has won wide acclaim up and down the Pacific Coast. The group comes to the Chi Chi direct from smash engagements at Los Angeles and San Francisco where they played top clubs.

From Page 1. MORE ABOUT—

SCHOOL BONDS

Two years ago, school district voters approved a \$2,138,000 bond issue marked as the first phase of a five-year program, which is now rapidly nearing completion.

The new issue, a two-fold program of building and planning, picks up where the last issue left off and, in fact, ranges a few years beyond the "future" needs forecast in 1957.

THIS NEW PROGRAM is largely based on a review of school needs "following a study of the most recent projected enrollment statistics," Twist pointed out.

The first building phase of the new bond program is a six-point project that provides for construction of two new elementary schools, expansion of a third, junior high and senior high school expansion and a school district administration center.

New schools are marked for Rancho Mirage and Thousand Palms, which is to have classrooms for kindergarten and grades one through three. Desert Hot Springs School is tabbed for expansion to a maximum level.

BUT, TWIST ADDED, the program is "flexible." Sites may be switched to areas where student population increases are greater than expected now.

New classrooms, library, shop, home-making and physical education facilities are also provided for Nellie N. Coffman Junior High and a five-classroom wing, an arts and crafts unit and auto shop and graphic arts buildings are planned for the high school.

Added to this building schedule are plans for acquisition of a sec-

ond junior high school site, construction of a new elementary school in the City of Palm Springs and four additional elementary sites recommended in the original five-year plan.

Twist pointed out that the new junior high will not be required within the next two years, but he suggested that the board act on the site now because "site acquisition and school planning along may take as long as two years."

Board of Education members evinced an optimistic outlook for passage of the mammoth bond program.

Board President B. H. Poliak said: "I don't think any one can argue against the wisdom of preparing for the future in this dynamically growing area; and a bond issue is by far the most equitable means of financing this program."

"Well," mused Berton Lamb, "we can't do less and be honest with ourselves."

County health inspection of bees have not been changed since 1938, Administrative Officer Robert T. Andersen told the Board of Supervisors this week, and is still \$5 in spite of greatly increased costs of rendering the service.

Andersen said Dr. Everett M. Stone, county health officer, concurs in recommending increasing the fee to \$20. The recommendation was approved by the supervisors.

Health Inspection Fee Hiked to \$20

Aquacade Set At Farmer Fair This Month

Hemet Fairgrounds To Be Scene of Fair On August 19-23

Two stellar entertainment attractions are assured visitors at the Farmers Fair of Riverside County, Aug. 19-23, Bud Nelson, manager, announced this week.

On Friday and Saturday nights, an aquacade will be staged in a specially built swimming pool in the arena of the Hemet Fairgrounds.

A professional team of eight men and women will provide high diving, swim, and diving contests, high diving from a trampoline and other breath taking water stunts.

A SECOND FAVORED attraction is to be a fashion show. This popular event is being repeated in more elaborate showings than last year after a flood of letters and phone calls asking the show be repeated again this year.

The fashion show which will include many distinct attire showings will be held in the arena Wednesday and Thursday nights of the five-day fair.

THOUGH THE HEMET fair is always aimed primarily at a showing of products of the farm, special attractions are included to balance out the annual fair for the entertainment of all.

There are no additional charges for these attractions but are free to all visitors with their individual admission charge.

And for the juniors as well as adults there will be the carnival and the ever popular Bozo, the roving clown.

OFFICER 'PRUDE', SAY FRENCH GIRLS AFTER PAYING FINE

NEWPORT BEACH, Calif. — (UP) — Two French-born beauties complaining their arresting officer was "perhaps a prude," each paid \$25 fines Wednesday for wearing only the bottom halves of their bikini swim suits on a public beach.

Aurelie la Mar, 34, and Ilena Rovira, 32, charged with outraging the public decency, insisted they could see nothing wrong with soaking up a little sun with as much of their bodies as possible.

Police Sgt. Gerald Irwin disagreed. He said he watched through binoculars for 30 minutes while the women were lying on the beach after their neighbors, Mr. and Mrs. Lawrence Kelly, complained.

Beaumont Backs 'Impartial' Study Of Bradley-Burns

A report from the Beaumont City Council that it has approved support of a survey by an impartial entity to determine the best distribution of sales tax funds collected by the state under the Bradley-Burns tax law and to accept the results thereof as to the amounts which should be allocated by each city to the county was received by the Board of Supervisors this week and filed without comment.

Other cities which have expressed approval of the survey proposed by the Board of Supervisors are San Jacinto, Hemet, Palm Springs and Coachella.

Celler Predicts 'Moderate' Civil Rights Passage

WASHINGTON — (UP) — Chairman Emanuel Celler (D-N.Y.) predicted today that the House would approve his House Judiciary Committee's five-point "moderate" civil rights bill this year. He made no forecast about the Senate.

Backers of the measure feared that there might not be time to push the bill through both the House and Senate before Congress adjourns, probably within a month.

A key factor in the race with time is the House Rules Committee, which must give its nod before the House can consider the legislation. The committee is headed by Rep. Howard K. Smith (D-Va.).

CITY GETS OKEH TO FLY 48-STAR FLAG FOR AWHILE

It is alright to fly the flag of the United States with 48 stars until it is worn out.

City Manager Dan Wagner received a report from the Armed Forces of the United States which said that the flying of the 48-star flag was permissible until it was worn out and then it should be destroyed by burning.

Any new stars are added to the flag of the United States on the 4th of July following the ratification of statehood by Congress.

The star for Alaska was added July 4, 1959, and Hawaii will be added to the flag on July 4, 1960.

Who Needs It?

HARTFORD, Conn. (UPI) — One day when the temperature was soaring into the 90's, Fred Williams discovered that someone had swiped the heater from his car.

July Report Shows:

Smog Increasing In County Tests

Air pollution levels in four Riverside County areas edged past the normal mark for periods ranging from three to 15 days in the month of July.

The Riverside County Air Pollution Control District said that oxidants (contamination) were up in Riverside, Corona, Mira Loma and the San Geronimo Pass area, according to district air monitoring stations.

AIR MONITORING reports released today showed that all four areas registered contamination levels above the mark considered as "normal," 20 parts of oxidant per million parts of air.

The City of Riverside counted 15 days above this level, Corona had three days, Mira Loma had 10 days and the San Geronimo Pass registered 13 days above normal.

In 1956, the excess of births over deaths in the U.S. was 2,600,000.

Peak oxidant levels were reached on July 10 in all four zones. Riverside's peak was 41, Corona's was 27, Mira Loma had 48 and the San Geronimo Pass had 35.

DISTRICT OFFICIALS explained that air is monitored for oxidants, oxides of nitrogen and carbon monoxide at Mira Loma, oxidant concentrations at Corona and the Pass area and oxidants and nitrogen concentrations at Riverside.

The oxidant concentration levels measured are indicative of the type of air pollution which causes eye irritation, adds to reduced visibility and crop damage.

A peak reading on oxides of nitrogen was recorded on July 25 at Mira Loma, which registered 19 parts of nitrogen dioxide per million parts of air. Carbon monoxide peaks, on July 9 and 26, were .10, but both nitrogen and carbon monoxide peaks were below Los Angeles County's average of .15.

Village Youth Now Training at Corpus Christi

Midn. Lynn M. Rising, son of Mr. and Mrs. Lorne S. Rising of 3991 Calle San Raphael, a student at Stanford University, completed three weeks of aviation indoctrination July 28 at the Naval Air Advanced Training Station, Corpus Christi, Tex.

Fifteen hundred midshipmen from 52 colleges and universities were indoctrinated in how advanced student pilots complete their final flight training in single-engine landplanes and multi-engine land and seaplanes in obtaining their Navy "Wings of Gold." The midshipmen were given the opportunity to fly in both types of trainers.

Upon completion of their three-week training, the midshipmen proceeded to the Naval Amphibious Training Base at Coronado, Calif., where they are undergoing an additional three weeks of amphibious warfare training.

Federal insurance of bank deposits in the U.S. began on Jan. 1, 1934.

The Desert Sun 3

SUNAIR

By JEAN PATANE

Mrs. Gertrude (Benny) Benoit, who has been spending the summer in Los Angeles, returned to her Desert Aire Dress Shop for a few days with a selection of new creations and accessories. For the summer months Mrs. Ova Schengg is managing the shop.

Mr. and Mrs. Harrison Johnson and daughter, Cookie, drove into South Pasadena Sunday morning to meet her daughter, Marsha Morrison, who arrived by train from Albuquerque where she had been visiting with her father, A. J. Morris, for the past six weeks. They spent the day at Marineland and returned to the desert by way of Hemet and the San Jacinto Mountains. During the summer the Johnsons are making their home at Palos Verdes Apartments.

Following a brief vacation along the coast to Santa Barbara, Mr. and Mrs. William Frantze have returned to the Sunair Terrace Motel that they are managing for the summer months.

Over the weekend Mr. and Mrs.

M. O. Woody and boys, Marion and Keith, and Mr. and Mrs. Hugh Betts of Cathedral City, and daughters, Brenda, Bonnie and Beverly, enjoyed camping out at Dark Canyon.

Mr. and Mrs. Chuck Linn are now in their new units recently completed on the corner of Melrose Drive and Tahquitz. Mr. Linn is acting postmaster of Cathedral City.

Mr. and Mrs. Ray Johnson, who make their home at Palos Verdes Apartments, are spending the summer at Yellowstone National Park.

Last week Mrs. Joseph P. Finch, who makes her home at the Melrose Apartments, left by plane for Washington, D. C., to spend a month visiting with her mother, Mrs. N. M. Hughes.

JOHANNESSEN DUE IN REDLANDS BOWL

REDLANDS — Grant Johannesen, one of the most widely-heard pianists in American music today, returns to Redlands Bowl at 8:15 p. m., Friday, when he will present a solo program of great piano works.

Johannesen will play Chopin's Sonata No. 2 in B Minor and Schumann's "Fantasietuecke." He will also offer Bach's Fantasy and Fugue in A Minor, the six bagatelles of Beethoven, Faure's Impromptu in A Flat, Poulenc's "Villagesoise" and Debussy's "L'Isle Joyeuse."

There is no admission charge at Redlands Bowl.

The word brummagem, meaning showy but trashy, is a corruption of Birmingham, the city in England which once was famous for manufacturing gilt toys of rather poor quality.

What Happens When He's Good and Drunk?

STAN DELAPLANE'S Postcard

This Side of The Sun By Phat

Five months 'til 1960 But they're printing them like mad. Those nasty speeding tickets Which will make you feel so sad.

The state had better lay in a large stock of pencils, too. California Highway Patrolmen will be scribbling fast and furious come January 1, 1960.

THAT'S WHEN the new state absolute speed limit goes into effect. And it means absolute. The top limit will be 65 miles per hour on the open road and not a fraction more. Warnings are already being sounded although it is only the fourth of August. The warnings will increase in frequency, reaching a peak the last week in December.

THE STATE apparently figures it is going to take five months to impress motorists that the happy days of fining their own safe speed limits are running out. The state has decided for them. After January 1, it will be 65 and that's that. Under the old 55 prima facie law, you could argue that even if you were doing 70, you weren't driving recklessly.

Under the new 65 mph law, if you do 65, you're stuck.

THAT'S WHY the boys of the CHP had better be provided with plenty of tickets. It will probably take some time before dyed-in-the-wool California drivers adjust themselves to the new situation. There may not be a crossroad for miles, as on some of our desert highways, and not another car in sight — but 65 is going to mean 65, not 85. What's more, the penalties will be tougher and the repeater in speed courts may lose his license. Driving without which is already bringing jail terms. The old days of catch-as-catch-can driving are ending and the state will probably lose its national leadership in traffic deaths.

THIS REALLY is a wonderful age. The push-button has taken over everywhere.

For years scientists, inventors and bulky-brained experts worked on plans to take the work out of housework.

They worked with the little woman in mind. How well they succeeded is shown by the number of women at the race tracks and baseball games.

They don't have to stay home and slave over a hot stove.

When the old man comes home, all he has to do is press the right buttons and he gets an automatic peek on the cheek, the table is set, the dinner served. His only task is to put the dishes in the dishwasher.

GENIUS HAS even taken care of the pre-dinner builder-upper. Friend in Chicago showed me a small gadget that looked like a tiny flashlight. But it wasn't. He poured the proper ingredients into a glass, stuck in the device and his martini was stirred.

Of course, he DID press a button. All he needs is an automatic measurer and pourer.

Now for a typewriter you just look at and it writes.

EARL WILSON:

Rodgers, Hammerstein, Not Resting

NEW YORK — A fascinating rumor that Oscar Hammerstein was planning to take a two-year rest from song-writing, meaning Richard Rodgers would have to hunt a new lyricist, is NOT true, we're glad to report... repeat, NOT true. When Rodgers told Hammerstein I'd phoned to check on the rumor, Hammerstein said to him, "I'd hate not to work, wouldn't you?" Rodgers replied: "I couldn't not work."

Kim Novak became a New Yorker. She arrived to take over an East Side apt. she'll occupy a few months a year. Brought drawing materials: now on an art kick. By coincidence, Producer Dick Quine's here but no marriage is planned now, 'cause he's not divorced yet.

Liz Taylor and Eddie Fisher'll settle down in N.Y. late in September... Cary Grant flew to El Rancho in Las Vegas to ogle his European honey, Sheila Moser doing her bare-bosomed bit in the new Joe E. Lewis show (in which Joe E. planned to come out bare-chested but lost his nerve)... Shoe tycoon Harry Karp and Harry Cohn's widow, Joan, resumed romancing—and marriage looms again.

Rita Hayworth seems her happiest now with husband, James Hill, the producer. They've discovered they love to play golf together. "I'm just a dumb athlete," Rita told me a couple of nights ago. "I used to be just a dumb actress and now I'm just a dumb athlete. Except when I'm working, then I'm a dumb both."

REMEMBERED DIALOG: Ed Murrow to Joe E. Lewis: "I hear you drink pretty good?" Joe E.: "If I drank as much as you smoke, I've have drowned years ago."

Judie Gleason invited Walter Pidgeon, Eileen Herlie, Ruth Warrick and others of the cast of "Take Me Along" to his spectacular new home, "Round Rock," at Peakskill — where they held sort of an informal first rehearsal, much of it around the bar. While philosophizing, Gleason said: "Actors care mainly for billing, dressing rooms, entrances, exits, publicity. You've mentioned everything but money," interrupted Ruth Warrick.

"Actors don't care for money, only for fame, because if they

have fame, then they don't need money. Then they're always guests. That's why," he added, "actors hate agents. Agents are always trying to make money for them!"

P. S. So how come Gleason's rich?

Rosemarie and Ricky Lane, the ventriloquist, with his dummy, Velvel, are all accomplished clowns in the very funny new show at the Copa. Rosemarie likes drunk stories: "Uncle Charley wasn't really a hard drinker; to him it came easy." One day Uncle Charley went shopping and brought home beer, vodka, whiskey, gin, wine and a loaf of bread. "What's the bread for?" his wife demanded. "For the birds," he said. ... Lane's gimmick is humorous audience-insulting. He had Velvel, the dummy, saying, "I don't care for dogs; I used to be a tree." Also told of a crooked butcher with cheating scales: "One day I went in and didn't buy anything and it weighed six pounds."

Erla O'Brien swamped with acting offers after her good job on the U.S. Steel show playing a part I could play naturally. ... Marianne Reynolds lost 12 pounds and 4 inches around the waist at the Miami Harbour Island Spa. ... Scott Brady got tickets to "Destiny" for Bernard Go'dine's son who sent him a box of Mongolian vicuna. ... Frank Sinatra and Walter Pidgeon ooh sent roses to Vivienne Della Calsia for her Latin Quarter opening.

Movie stars Bob Wagner and Natalie Wood and composer Jimmy Van Heusen and a cute little blonde were at the Bon Soir where Van Heusen explained he was 'saving the cute little blonde' for Frank Sinatra, due in town to attend the opening of Australian singer Diana Trask at the Blue Angel.

EARL'S PEARLS. ... Comic Jackie Kannon says "Remember when a wife knew all the newest recipes instead of all the newest restaurants?"

WISH I'D SAID THAT. ... Robert Q. Lewis says it's really been hot. The thermometer was up in the Hades!

(Distributed 1959, The Hall Syndicate, Inc.)

MIKE CONNOLLY:

Movie Budget Matches Country's

HOLLYWOOD — Miriam Hopkins walked out on the starring role in Bill Karn's cops-&-robbers picture about real-life criminals, "Ma Barker's Killer Brood," and was replaced by Lucretia Borgia.

Explanation from Miriam's press agent: "Miss Hopkins, exhausted after a long road tour in 'Look Homeward, Angel,' has withdrawn after one day of shooting from the Ma Barker role on doctor's orders to take a four-week rest," explanation from the wardrobe mistress on the movie: "Miriam came in for so many wardrobe fittings and changes, sloppy old Ma Barker was starting to look like a Dior model!"

I VISITED the set of Kirk Douglas' "Spartacus" at Universal with Rafael Maza, touring Hollywood as a guest of the State Department for La Prensa Grafica of El Salvador. Kirk told Senor Maza that the budget on the movie is \$9,000,000. Maza moaned, "Then everything they told me about Hollywood is true — that is the entire annual budget of my Government!"

Carroll ("Baby Doll") Baker was so unhappy over her part in "The Miracle" she begged Warner Brothers to let her off the hook for the four additional pictures she owes the studio under her contract. They took her up on it and let her buy her contract back—for \$200,000.

FOX ASKED JOAN Crawford if it would be okay to use the photographs they shot of her in "Daisy Kenyon" 12 years ago to publicize her latest picture for the same lot, "The Best of Everything." Replied Miss C.: "Yes, I know they're more glamorous but NO, you can't use them — after all, I AM older now!"

Quote from Gary Crosby, now playing that round-the-clock town, Las Vegas: "The big trouble with Vegas is this — between seven and eight every morning the town is DEAD."

Paul Douglas kept everyone in stitches at Fox producer Frank McCarthy's party for summer visitor Gertrude Bromberg of Chicago — by telling how he almost got killed on his way to the party. A flop-flop-top fan pulled his convertible up alongside Paul's on the Hollywood Freeway, passed over paper and pen to Paul with one hand, steered his car with the other, and bellowed, "Hey, Paul, gimme your autograph!" And with both cars roaring along at 65 miles per hour.

MARTHA HYER is hot to play

the hottest heroine of "Big Man, Big River" who stops at nothing, including murder, to get what she wants. Fox is filming it and advance notice from Publishers' Row is that it'll be one of the big best-sellers of the fall season — months before it's made into a movie. I'm reading it now and am inclined to agree, even though the tome weighs two pounds and is almost as long as "Anthony Adverse."

Producer Phil Waxman signed an "unknown" to play the important role of the Chicago strip-teaser opposite Sal Mineo in "The Gene Krupa Story" at Columbia. Her name is Shirley Kilpatrick. But her name on the slip outside the Lake Club in Bellflower, Calif., where she strips on her evenings off from stripping in "Krupa" is Celeste Kiff.

A Broadway actor phoned down to the desk clerk from his room in a theatrical hotel in Hollywood, asking that his Murphy bed be exchanged for a sofa. "Sorry," cooed the clerk, "but if Cathleen Nesbitt and Gladys Cooper can move those iron coppers off the pillow so can a big strong man like YOU!"

CHANNEL CHATTER — The lead-off show for G. E. Theatre on Sept. 20 looks likeliest to be "Silhouette," a dramatic show starring Ray Bolger. It's about a slapstick comedian who undergoes plastic surgery in order to play romantic leading men roles. Anybody we know?

Scott Brady kept playing the villain opposite Dolores Gray and Andy Griffith in Broadway's "Destiny Rides Again," a supporting role, and returned to Hollywood to play the hero in the new teleseries, Shotgun Slade, a starring role. Remember singer Art Lund, who made a big splash in the recording field about 10 years ago? He's replacing Scott in "Destiny."

THE REVLON people are all excited about teaming Judy Garland AND Rock Hudson in their first film spec. But Judy has at least 25 pounds to go on her weight — producing program at a "milk farm" in Ojai, Calif., before she'll even discuss a contract.

Customer got at a florist's across from TV City: "What kind of flowers does one send a hostess one despises?"

Eye Witness Report on Yugoslavia Today

BELGRADE — What makes Marshall Tito valuable to the West is the fact that he is fanatical Communist, pure and simple. Coldly assessed, this is what gives him and Yugoslavia important leverage and influence inside the Communist world.

This is why Russia is trying desperately to either win him or destroy him. So long as Tito and the Yugoslavia Communist party refuse to take orders from the Kremlin... but practice their own independent communism... so long will they stand as the most serious threat inside Communist ranks, erosive to the whole Soviet satellite setup.

THE U. S. HAS gambled a billion dollars on this strategic investment since 1948, when Yugoslavia was ousted from the Cominform by Stalin.

We have just traveled over 2,000 miles around the Danube River basin. The importance of Yugoslavia must be measured in the geographical context, as it touches all of Russia's Balkan satellites. Yugoslavia is a very poor country though the poverty in Belgrade would scarcely suspect the appalling poverty which exists.

BELGRADE'S NEW modern 9-story Hotel Metropole is hardly typical of life in Yugoslavia... but like similar "show windows" inside Russia it serves as an object of hope in an otherwise hopeless existence... not to mention the propaganda value it creates.

Outside of that, such grandiose hotels are hardly the way to use American aid to help some 20 million Yugoslavs from poverty and hunger.

TRAVELING THROUGH the

countryside amidst the misery, we see that American aid—after almost ten years—has hardly reached the people far removed from the paved streets of Belgrade and the carpeted trails of the Metropole.

It also appears that Tito has concentrated a major effort in weaning the tourist trade away from Moscow and the Satellite capitals to increase the prestige of Belgrade as a political center.

RUSSIA'S ANSWER to Tito last spring was to force all Soviet bloc communist parties to boycott the Yugoslav Party congress at Ljubljana. Behind the boycott was the Soviet displeasure in Tito's presumptuous independent meetings with Gorkilka in Poland and Kadar in Hungary... with the idea in mind of promoting closer trade and cultural relations.

Russia answered with an emphatic "Nyet." Khrushchev undoubtedly remembered Marshall Tito's abortive effort some ten years ago with George Dimitrov, to form a Yugoslavia-Bulgaria union.

IN ALL PROBABILITY Tito is afraid of Russia — and with good reason. If it were not for the U. S. aid he would be overthrown in Yugoslavia. As a Communist he is opposed to everything we stand for, and if he could he would be against us — as he was prior to 1948 when he was inside the Kremlin grip.

From time to time he plays us against the Russians and vice versa. At one time we were matching Russia dollar for dollar of aid to Tito until former secretary Dulles called a halt.

IN 1948 HE BEGAN to lean

heavily on Russia once more and until last year, when he recognized the Soviet puppet regime of East Germany, he played close to the Kremlin line. We retaliated by sending our military assistance program, and last March we pulled out our 50-man advisory group.

This is another example of the see-saw experience with Tito over the past ten years and a billion dollars of military and economic aid.

FINANCIALLY, YUGOSLAVIA is again scraping the bottom of the barrel. But as long as he is independent of Moscow, Tito is the envy of the Communist neighbors under the thumb of the Kremlin.

He has bolstered his Communist dictatorship with American capitalistic military and economic aid. He has successfully played us against the Kremlin with political astuteness, and he will try it again.

NEVERTHELESS, ON the credit side to us, he has the best army in Europe outside Russia. He could whip all the satellites combined if Russia did not intervene. If Russia attacks he must surely fight to save his neck, as he will be a primary target of Khrushchev's wrath.

We saw his armored units rolling over the hills east of Nish recently — and his long gray army columns marching proudly near the Hungarian border at Sabotica. He will unmistakably fight the Russians at the drop of a hat — and he will be hard to beat in the high mountains of Yugoslavia.

Whether this makes him worth a billion dollars worth of American aid will plague us for a long time to come. —John Morley

Inside the Atlas Program

WASHINGTON, D. C.—There seem to be wheels within wheels on the House investigation of the Atlas missile program now under way. Some of the turning cogs may be identified as:

A Democratic determination to blame Big Business for recent failures in ICBM test flights.

A Republican attempt to blame Red sabotage for the failures.

An honest attempt by non-partisan-minded Congressmen (there are a few) to make somebody personally responsible for the success or failure of each shot.

An honest attempt by the military — scientific community to familiarize the American public with the general features of missile firing.

TAKING THESE points in order:

All the big plane-making firms, and many other manufacturers and developers, are in on the stupendously expensive business of missile-making. There is hardly any place in this vast undertaking for Small Business, an enterprise most dear to the American heart and most susceptible to the ravings of the demagogue.

It happens that Pan American World Airways is a civilian contractor working on Atlas operations at Cape Canaveral, and that several other corporate giants have important assignments in the Atlas program.

CROCODILE TEARS have already begun to flow for the thousands of Small Businesses which do not get this govern-

ment business. The Administration and Pentagon are being accused of playing favorites with the big concerns. But the fact is that missile-making and missile-launching are gigantic works which could not possibly be done by little firms. The accusations mainly reflect the coming of a big election next year.

Earlier this summer the Supreme Court in the Greene case demolished the industrial security system by which Red-tainted workers and executives were barred from access to classified materials pertaining to defense contracts. This Court ruling leaves the Atlas program, among many others, without adequate protection from sabotage. When Lieut. Gen. Bernard Schriever, commander of Air Research and Development was asked if sabotage had anything to do with five Atlas failures since February, he replied:

"THAT WOULD BE a good excuse if I could use it. But we have no reason whatever to suspect sabotage, although I can't entirely rule it out."

But if the Red monkey wrench was not tossed prior to the Greene case ruling, it clearly has a greater probability of being tossed after the ruling. Republicans and Southern Democrats, who don't like much what the Court does these days, are going to make themselves heard on this point until a new industrial security law is passed.

CONGRESSMAN DAVID King of Salt Lake City is addressing himself to finding out who's captain (if anybody is or can be)

of any given missile launching. If one person could be named as being in full command, like the skipper of a ship or pilot of an aircraft, the business of investigating failures and rewarding successes would be easier.

Well, the chain of command in Atlas launches, I am told, begins at the top with an Air Force Project Officer. He is in the block house and gives the order to shoot. But from the technical viewpoint, the Test Conductor (who is a civilian) is more important than the Project Officer. And the Range Safety Officer (who is Air Force) appears to be the boss in the area of safety down the line. Then, there is a Program Director on each launching who is the head man concerning the prime purpose (for example, the recovery of a nose cone) of any Atlas firing. It's very difficult to give blame or credit to any single person.

MISSILE PROGRAMS are so expensive and so sensational that the public needs to know more than it now does. Perhaps the most difficult matter to explain in popular terms is the relationship between urgency and reliability. Which is more important — to get operational ICBM's in being as soon as possible? Or, to launch ICBM's which function with maximum perfection?

Obviously, there is no either-or answer. There must be an acceptable combination of urgency and reliability — and this is not an easy thing to explain in lay language.

—Holmes Alexander

Quotes From the News

WARSAW — Polish Premier Joseph Cyrankiewicz, exchanging toasts with Vice President Richard M. Nixon at a reception in the U. S. Embassy:

"Our outstretched hand testifies to our desire for peace and friendship. We believe deeply that this outstretched hand will not remain in the air, and we are convinced that Mr. Nixon's visit will contribute to this end."

WASHINGTON — The Senate Rackets Committee, attacking Teamsters Union President James R. Hoffa in an interim report on its 1958 investigations: "In the history of the country, it would be hard to find a labor leader who has so shamefully abused his members of his trust."

GRAND CANYON, Ariz. (UPI) Dr. Daniel H. Boonin, a hospital physician here, comment-

ing on the resourcefulness of John Manson Owens III, 15, who was "rescued" from the depths of the Grand Canyon after wandering about lost for a week:

"This youngster got to the river. That was the important thing... the lifesaving thing. That heat on the canyon floor runs to 120 degrees and it is most exhausting."

KRISTIANSTAD, Norway — An unidentified Norwegian girl on Steven Rockefeller, who is engaged to marry Anne Marie Rasmussen of Norway:

"You certainly wouldn't think he was a millionaire when you look at his clothes. Especially his shoes. They are awful-old, dirty tennis shoes."

LONDON — A member of the Coldstream Guards regiment, defending fellow guardsman who was confined to barracks after he broke the tradition of stand-

ing stiff as a statue alongside Buckingham Palace and allegedly bumped, kicked or tripped an American tourist:

"She asked for it. She really provoked him. I understand she not only sniggered at him but poked his beakish hat and called him a shov-off."

WASHINGTON — Sen. Thomas C. Hennings (D-Mo.), after the Senate Judiciary Committee turned down his request for daily sessions on a civil right bill: "If this is the kind of support to be expected for early action on civil rights legislation, I think the Senate should plan to be in session until Christmas."

HONOLULU — Arthur Godfrey, on his recovery from lung cancer operation:

"I had lost 16 pounds but gained back six. With the help of some good Hawaiian food I think I'll be back up to normal by the time I leave here."

GRIN AND BEAR IT By LICHTY

"It just happens I'm at the awkward financial age, Pop!... I'm too old to get along on my allowance and too young to have credit cards!"

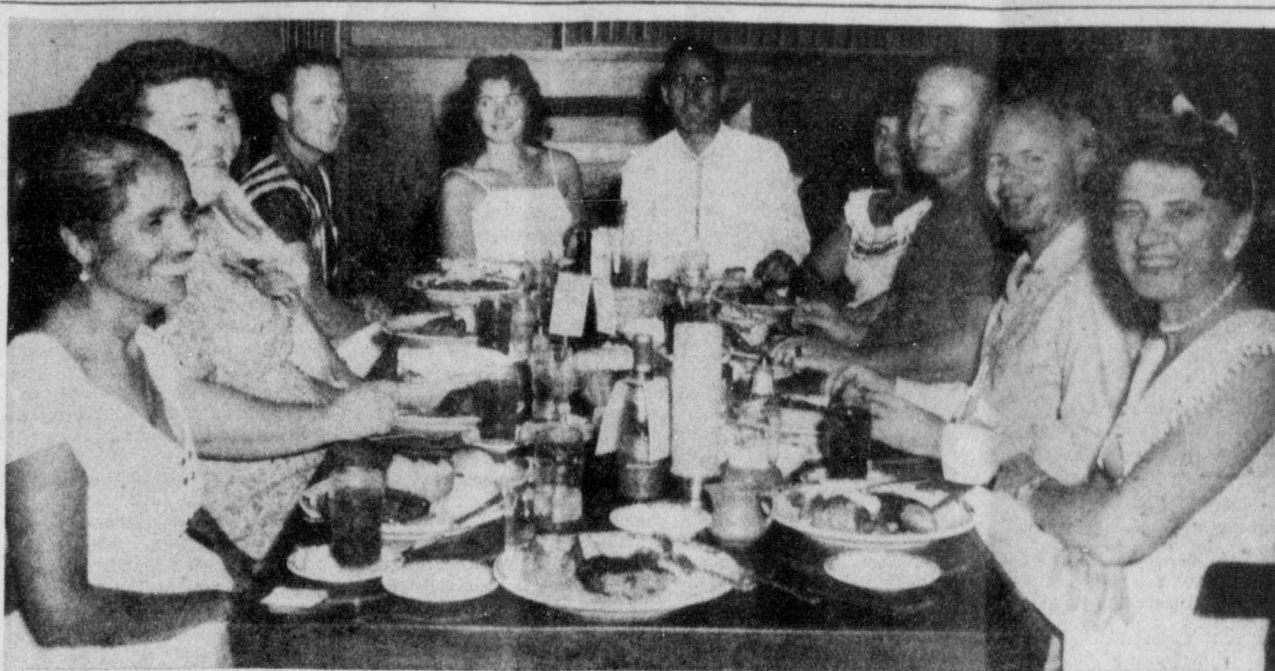

MARTHA HYER is hot to play

Educator Sets Up 6 Rules For Success

TULSA, Okla. — (UPI) — Seven basic principles form a code that can bring success in any type of career, says Dr. Ben G. Henneke, president of the University of Tulsa.

The rules are:
—Never limit yourself. Set a goal. When you reach it, set another goal, higher.
—Learn to work first; learning then comes easily.
—Be human. Everyone you'll ever work with or for is.
—Be first to see your mistakes and first to admit them. This makes them harder to repeat.
—Recognize and respect the rights of others. This is the root of self-respect.
—Keep a creed, an ethic. A man without these is no man.
These principles are general, said Dr. Henneke, who went to the university as a student and became its 16th president.
"But any man who ever made a success subscribed to most or all of them," he added.

Rug pile crushed by furniture can be revived by gentle application of a warm, not hot, iron over a damp cloth.

MEMBERS OF THE VETERANS of Foreign Wars Frontier Post 5987 Auxiliary feted Mrs. Louise Paul at a dinner at Laurie's Steak Ranch Saturday night, along with past Commander of the post Louis Hilton. Auxiliary President Paul reported on the progress that has been made for the 22nd district meeting which will be held in Palm Springs in September. She is now serving her third terms

as head of the organization. Pictured, left to right, at the dinner are: Margaret Hilton, Katherine Spargur, Mildred Oistas (practically hidden), D. D. Paul, President Paul, Louis Hilton—past commander of VFW, Marvel Barrett, Robin Barrett, Dean Pickell and Mary Pickell. (Desert Sun Photo).

VILLAGE TOT GETS DISNEYLAND TRIP AS BIRTHDAY GIFT

DISNEYLAND — Sherry Johnson's seventh birthday was chock-full of fun and excitement this week.

The Village youngster spent most of the festive day visiting the multiple attractions of Walt Disney's Magic Kingdom, then went to Laguna Beach and wound the day up at Capistrano's Beachcomber's Club.

Sherry was accompanied on the soiree by her parents, Mr. and Mrs. Mary Johnson, and by her sister, Gina. The Johnsons reside at 30-643 San Gabriel Circle, Palm Springs.

Inefficient Kitchen Nets Extra Work

CHICAGO — (UPI) — The housewife spends about one-third of her life in the kitchen, says an appliance manufacturer, and 30 million of these kitchens are badly planned.

The kitchen should be at least 100 feet square, specialists say, patterned in one of four basic types, U-shaped, L-shaped, corridor or one-wall.

The U shape is most popular because it has the shortest work triangle — the distance from the refrigerator to the sink to the range and back to the refrigerator. The sink is in the middle of the U, with the stove on one side and the refrigerator on the other.

The L-shape is second favorite among housewives, possibly because it is adaptable to almost any space and is planned for step-saving. The sink and refrigerator are placed against one wall, the stove against the other.

The corridor kitchen—in which sink and refrigerator are against one wall, the stove against the facing wall — has all the virtues of the other two except that it cannot be used as a family room. The one-wall kitchen is precisely what its name indicates, and is used only when none of the others is possible.

Stuffed Filets

A meatless meal couldn't be easier when you feature stuffed fish filets. Thaw 8 frozen filets. Mix 1 package bread stuffing according to package directions and spread on four filets. Top with other 4 filets and fasten securely with toothpicks. Place in greased shallow baking dish, sprinkle with salt and pepper, dot with butter or margarine, and top with 1 (8-ounce) can spaghetti sauce with mushrooms. Bake in 350-degree oven about 30 minutes or until fish flakes easily with fork. Serves four.

Make-ahead Salad

Snappy cheese-stuffed lettuce is a make-ahead salad. Combine 2 (3-ounce) packages cream cheese with 1½ (3-ounce) packages snappy cheese, 1/16 teaspoon cayenne, ¼ teaspoon garlic powder, ¼ teaspoon onion powder, 1 tablespoon milk, and heat until fluffy. Remove heat from a 1-pound head of lettuce and replace with cheese mixture. Wrap in aluminum foil and refrigerate overnight. Serve in wedges. Serves 4-6.

Accessories Held 'Vital' In Interior Decoration

By MARGUERITE DAVIS
United Press International

CHICAGO (UPI) — Interior decorators agree that accessories are all important.

Exhibits at the recent summer International Home Furnishings Show here offered a variety of wall hangings, clocks and bric-a-brac to please any taste.

Peter Pepper showed a ceramic candelabra, a sunburst of eight candle cones available in a dozen different colors.

His new clock, Corona Dia, has something of the same sunburst appearance, with 12 diamond-shaped spokes of walnut to indicate the hours. Hand-carved cutouts in each spoke are backed by colored felt.

The designer's ability to por-

Doc Tees Off On Medicinal Value of Golf

NEW YORK (UPI)—Pst, golfers: If your wife claims she's a golfer, tell her what Dr. Anthony R. Tortora, of New York, has to say about the sport.

"Golf affords fresh air and sunshine, general body exercise, stimulation of the mind by the mere process of watching a little white ball, and the satisfaction of personal gain and achievement by the challenge it presents," he said.

As a man plays on the course, he rests, his tensions find an outlet and decrease, Dr. Tortora said, and he becomes more congenial. Golf is good for an individual who handles his aggressive drives poorly or has no suitable outlet to vent these drives, the doctor added. Muscular activity gives such a person a chance to release and spend these aggressions.

"The degree of exercise offered by golf plays a role in preventive medicine," Tortora added. "Lack of muscular activity may result in weak muscles and inadequate egress for nervous tension."

"This in turn, may be responsible for neck and shoulder pain, back-ache and headaches, as well as other disturbances referred to as psychosomatic."

tray engaging wild life was shown in walnut carved out of walnut. Perpendicular aluminum rods form the mammal's tusks and eyes.

An off-beat and useful accessory — to keep food warm — was shown by Brinkman and Cook. The warmer is made of marine-grade mahogany with a hard finish that resists scratches and scuffs, and an inner lining of aluminum to make cleaning easy. It uses standard house current, maintains a thermostat setting of 150 to 190 degrees for an hour after being disconnected, and is light enough to be carried anywhere in the house.

An all-leather coal scuttle, to be used as a waste basket or magazine holder, in a man's study, was displayed at Bolender Co. It comes in saddle-stitched natural brown steerhide, plain or decorated with an eagle decal, horsehead or horseshoe.

New black and gold Early American tote was used by Sun Glo Studios for a number of articles — waste basket, canister, water keg, water can, and a milk kettle to be used as a jar for cookies, candy or tobacco. Early American paper was used to cover cylinder lamps and waste baskets.

Ten Pounds Overweight Equals A Slice off Your Life, Ma'am

By PATRICIA McCORMACK

NEW YORK — (UPI) — You're in the "alarm zone" if you're 10 pounds overweight, according to Dr. Frederick J. Stare, head of the nutrition department at Harvard University's public health school.

"There should be alarm," he said, "because 10 pounds over normal weight can mean you'll die five to 10 years sooner than you should."

Maintaining correct weight, according to Stare, is one way of lessening your chances of dying prematurely from a heart attack.

"We can't guarantee that you won't eventually die of a heart attack, but we're reasonably certain that normal weight gives you the best chance of living out your expected life span."

Dr. Stare, a member of the National Health Education Advisory Committee, takes the view that it's psychologically helpful in reducing to think more in terms of how much weight cheats you of life.

If you want to "take it off and keep it off" think more of the "five to 10 years" and less about smaller dress sizes and eye-appeal, he said.

Overweight, according to Stare, isn't something that happens all of a sudden because you went to too many festive dinners in a row.

"Many women complain that they put on the weight between Christmas and New Year's," he said. "The truth is that the weight goes on between New Year's and Christmas — 50 to 100 calories more than is needed, day after day, week after week."

The worst years, according to Stare, are those between 24 and the early 40's.

Stare doesn't place much stock in crash diets. Weight lost through such plans, he said, usually returns with the resumption of your normal eating pattern.

Sensible reducing, according to the expert, involves cutting down on "portions" of food more than it does on cutting out certain foods.

Home-made Soda

NEW YORK (UPI) — Home-made cherry soda is a refreshing milk drink. Combine 3 cups of milk and ¼ cup of maraschino cherry juice. Pour into 4 tall glasses, top with scoops of vanilla ice cream and fill glasses with carbonated water. Garnish with maraschino cherries.

Andersons End Idyllwild Vacation, Convention Trip

Village photographer W. F. (Bill) Anderson and his family have returned from a one-month vacation at Idyllwild which also included attendance for Anderson at the Los Angeles convention of the Professional Photographers Association of America.

The photographer interrupted his month-long relaxation to go to Los Angeles on July 25 for the opening of the photography conclave.

Anderson said that he participated in panels directed by experts

in their fields and had personal conversations with such widely-known camera personages as Peter Gowland, Will Connell, Jason Hayley and others.

"The convention has given me some entirely new concepts," Anderson, "which I'm sure will result in better photographic service here in the Village."

Following the convention—which adjourned for a "second session" in Hawaii — Anderson attended a social function at the Los Angeles Art Center School, where he studied photography as did many other delegates to the convention.

At Idyllwild, the Andersons stayed with the Fred Hillstrand family, another group of Villagers.

Start Kids Early On Parlez-Vous

CHICAGO (UPI) — Many school officials would like to see earlier foreign language instruction for American youngsters, says the magazine, "Nation's School."

Seven of every ten administrators queried advocated teaching a second language on elementary school level, though most felt it should be optional throughout both elementary and secondary schools.

A majority thought the courses should start in the fourth grade, and 98 per cent gave their vote to two to four years of language study in high school.

One official, the magazine said, voted for progress toward a universal language "that will have some benefit worldwide."

"One foreign language is no good," he said, "if when you travel 200 miles, you find yourself in another country."

ARTS AND CRAFT CLASSES sponsored during the summer by the City Recreation Department Tuesday went on a full-day picnic in Redlands, where they played games, went swimming and had a picnic lunch. A group

of 41 youngsters piled into several cars driven by teachers and headed for Redlands at 9:30 a.m., and returned to Palm Springs about 4 in the afternoon. Getting

directions from Recreation Director Howard Haddock, the group is pictured above with the teacher-drivers. (Desert Sun Photo).

Cathedral City

By JEAN PATANE

On Sunday Mrs. Dorcas Dragge, owner of Dorcas Beauty Salon, and Mrs. Susan Grenneveld of Susan's Dress Shop left Los Angeles by plane for a two week vacation in Mexico City. They will be houseguests at the home of Mrs. Grenneveld's daughter and son-in-law, Roberto and Beverly Corzo Gay. Mrs. Dragge's daughter, Sonja, is visiting with friends in Idyllwild.

Mr. and Mrs. Clifford Lowery left Monday on a leisurely six weeks motor trip up the California coast and will visit throughout the northwest before returning to the desert.

Heleene and Stephanie Pease joined other members of her family and friends at the Caribbean Restaurant in Los Angeles last Sunday for a "Bon Voyage" party honoring her sister and nephew, Mrs. Morris (Phyllis) Gold and son, Sanford, of Palm Springs, who left by plane from International Airport for a vacation in Honolulu. Others bidding adieu were Morris Gold, Mr. and Mrs. Harvey Shoemaker of Reseda and Mr. and Mrs. Russell Pease and daughter, Roberta, of Gardena.

Last week Mr. and Mrs. W. P. Wilson, who make their home on "D" Street, became grandparents for the eighteenth and nineteenth times. On July 29 Cristie Lynn was born to their son and family, the Earl Wilsons of Sparks, Nev., and on July 30th, another little girl, Janice Rene, was born to their daughter and son-in-law, Elaine and John Goldbach in Compton. The Wilsons also have one great-granddaughter, Mrs. Wilson, who spent a few weeks at the home of the Goldbachs, returned last week with their grandchildren, Kelly and Katherine Goldbach who will visit with them for the next few weeks.

Mr. and Mrs. Clifford Sharp (Sharp Realty) recently returned from a few weeks visit in San Francisco and points of interest along the coast. They returned inland and stopped at the home of her mother, Mrs. Lucille Skinger to pick up their son, Mike, who had been staying with his grandmother for the past month.

Wilen Anderson drove down last Friday from Santa Monica where

he is working during the summer, to visit with his mother Mrs. Ruby Anderson.

Linda Scott, daughter of Mr. and Mrs. C. A. Scott, returned to her home on "H" Street Saturday night after spending two weeks at the home of friends, Mr. and Mrs. Roy McKinnon and family in Tacoma, Wash. The McKinnons are frequent visitors at the home of her parents, Mr. and Mrs. Louis Tanner in Rancho Mirage. The Tanners own the Desert Trailer Village in Palm Springs.

During the weekend Mrs. Jim Palmer (Jim's Desert Bakery) visited with friends in San Bernardino.

John and Iris Down (Down's Shoes) are in Stockton attending the session in folk dancing, for teachers from all over the country, at College of The Pacific. During their absence Mrs. Clifford Sharp is managing the shoe store. Their sons, Bob and Dennis, are visiting with friends in Fresno.

Harry Grenneveld, owner of Best Cleaners, left Monday for Stockton to visit with his parents, Mr. and Mrs. Frank Mattish for two weeks. The Grennevelds' son, Stephen, who has been staying with his grandparents during part of the summer, will return to the desert with his dad.

Al Lake, who with his family have made their home in Cathedral City for the past eight years, is now operating his own business, "Al Lake Air Conditioning," on Ramon Road in the fast expanding Outpost Estates area.

Mrs. Ed Gorges was honored on her birthday last week with a dinner party at Sheppard's Restaurant on Highway 99, hosted by her husband, owner of Radio Station KCHV in Coachella. Joining in happy birthday wishes were Mr. and Mrs. Abe Rubin of Royal Palms Homes in Coachella and KCHV station manager Mr. and Mrs. Ike Staples of Palm Desert.

Mrs. Eva Kelly, whose Desert Cafe is closed until the middle of September, accompanied by her daughter and family Mr. and Mrs. Allan Price and daughter, Vivian, are spending the month of August at Ocean Beach, San Diego.

Rancho Mirage Soprano's Song Accorded Honor

RANCHO MIRAGE — Phila Bedford, talented soprano and pianist of Rancho Mirage received the honor of having her song "God's World" sung at the Annual State Convention of California Music Teacher's Association held recently in San Jose.

Mrs. Bedford, a member of the Pomona Valley Branch, composed the music and the lyrics were written by Edna St. Vincent Millay. The song won honorable mention in the contest of the Composers and Authors Group of the Association and was sung by Richard Arlien of Fontana.

Mrs. Bedford was soprano soloist in "Verdi's Requiem" presented last season by the Palm Springs Music Society and before moving to the desert with her family, was soloist at Pilgrim Congregational Church in Pomona.

She is now associated with the Palm Springs Music Company.

Thousand Palms Station Under Richfield Now

THOUSAND PALMS — Effective the first of the month, the Thousand Palms Texaco Service Station is being operated by its new owner C. Lydie Lau of Indio.

Lau had purchased the station about a year ago from its former owner, Karyl L. Thompson, but had leased it to D. W. Wilmoth of Thousand Palms who has operated it since that time. Richfield Oil Corporation purchased the lease from Wilmoth. Within a few weeks Thousand Palms will lose its Texaco station and gain a Richfield. Lau has been employed by Richfield out of its Coachella office for over a year. Prior to that, he had his own Richfield station in the Los Angeles area for some dozen years.

The Wilmoths plan to remain in the Thousand Palms community, after an extended vacation from present seven-day-a-week duties.

"Home on the Range" was written by Dr. Brewster Higley, of Smith Center, Kansas, in 1871. It is the official state song of Kansas.

THOUSAND PALMS

By ELIZABETH NELSON

"After 7,000 miles — pleasant and trouble-free — home looked pretty good!" reported Mr. and Mrs. Herbert M. Lentz, who have returned to their Thousand Palms home after a six-week motor trip across the continent and through the East. In Allentown, Penn., they visited in the homes of Mr. Lentz's sister and brother — Mr. and Mrs. Nathan Weiler, and Mr. and Mrs. William Lentz.

In Baltimore they visited with a niece of Mr. Lentz and toured other points of interest in the East. En route home they stopped at Ft. Dodge, Iowa, for a visit with three of Mrs. Lentz's aunts, and at Sioux City, Iowa, to visit another of her aunts. They went East and returned by way of Salt Lake City, Utah, where they spent several days with their son, Robert, his wife and grandson.

The Lentzes had no sooner returned home than their son, Robert, phoned them from Santa Barbara wanting to come to the desert to visit them that very weekend, which is just what they did. He and Mrs. Lentz are teaching at the Music Academy of the West in Santa Barbara, he for his second summer, and she for her third. Mr. Lentz teaches percussion instruments; and Mrs. Lentz, viola. Both brought some of their students from Salt Lake City with them to study for the six-week session of the Academy. Both Mr. and Mrs. Lentz, Jr., are members of the Salt Lake City symphony orchestra.

Frank L. Bruder is now a patient at the Veterans Administration Hospital in Long Beach. Mrs. Bruder has visited him there several times during the three weeks he has been there. Accompanying her have been her daughter and children, Mrs. John Hansen, Wayne and Johnny Lee, of San Diego; and Mrs. Minnie Migliore of Thousand Palms. Mr. Hansen has also visited recently, with his wife and children, with Mrs. Bruder in their Thousand Palms home.

Other recent guests of the Bruders in Thousand Palms have been Mr. and Mrs. Wilbert Bruder of Reseda, a brother and sister-in-law of Frank L. Bruder.

Mrs. Elva F. Woodside returned recently from a few days' visit in Long Beach with a brother and his wife, Mr. and Mrs. Floyd Gross. The Grosses are residents of Phoenix, but are vacationing for a few weeks in Southern California's climate.

Mrs. Louise Tietge is now visiting with a sister in Louisville, Ky., after having spent a few days with a daughter and her family in the "old home town" of Bloomington, Ill. From Louisville, Mrs.

Tietge plans to accompany her sister and brother-in-law to Miami, Fla., for an extended visit.

Richard Jackson recently came from Bloomington, Ill., to join his wife, Helen, and their children, Myra Yvonne and Richard Jesslyn in Thousand Palms. They are residing in the Threhold house on Arbor Real. Since his arrival the Jacksons have spent weekends with friends in Garden Grove and Huntington Beach, including side trips to Disneyland and Knott's Berry Farm. Mr. and Mrs. Jackson also enjoyed a few days in Las Vegas, Nev. He is employed as a painter.

Gail and Grace Kennedy, Sonny Levitt and four children, nieces and nephews of Roy Crawford, recently enjoyed a ten-day visit with Mr. Crawford at his Hidden Springs Ranch home, and have returned to their home in Long Beach.

Recent guests in the George Garnick home were Mr. and Mrs. Lavon Garnick of Los Angeles and Mr. and Mrs. Phillip Osborne of Yucaipa. Lavon Garnick is a cousin of George Garnick. The Garnicks and Osbornes motored down for the evening from Hurley Creek, where they were "trailer" living. Mr. and Mrs. George Garnick had enjoyed dinner and an evening of coziness at Hurley Creek with the Lavon Garnicks the previous week.

The George Garnicks and Mr. and Mrs. Harold Edwards of Cathedral City recently motored to Lucerne Valley and Big Bear Lake for a Sunday outing and picnic.

The Lavon Garnicks and the Phillip Osbornes have become acquainted with Mrs. Elinor A. Smith of Thousand Palms, who is again summering at Hurley Creek.

Three generations of the Eugene D. Mitchells enjoyed another week end recently at Mr. Mitchell's Shangri-La Palms home — Mr. Mitchell, his son, David, and grandson, Gary, of Los Angeles. Even young Gary has learned to wield a paint brush well in the weekends spent redecorating the Mitchell home.

No Same-Day Service

BOSTON (UPI)—Hundreds of persons were surprised recently when they received letters that had been mailed to them back in 1937.

The missing missives were in a sack found wedged in a chute at Boston's main post office. The chute had not been used for several years and workmen were dismantling it when they made their discovery.

At Redlands Bowl

Concerts Have Trouble Starting on Schedule

By GEORGE LAINE

It would have been nice to have watched the premiere performance of the ballet "A Midsummer Night's Dream" as performed by San Francisco's Ballet Celeste in Redlands Bowl Tuesday.

I didn't watch it, however, because it didn't start until after an intermission that began at 9:55 p.m. and was still going strong at 10:15 p.m. Instead of keeping my seat, I joined the scores of others who headed for their cars and homes.

THIS IS A RATHER unfortunate facet of Redlands Bowl productions. I have now attended four such programs and I have yet to attend one that begins at the 8:15 p.m. time stated in the program. They usually commence sometime between 8:30 and 9 p.m. Tuesday's event didn't start until 8:40 p.m.

This is neither fair to an audience that is arranged on some of the hardest work ever formed into benches nor to performers who are thus dragged through a night that must seem to them — as to me — almost never-ending.

Tuesday's Ballet Celeste program was late for a number of reasons, none of them too valid.

FIRST OF ALL, there was the matter of a pre-program community sing conducted by Wilbur H. Schowalter which I have been able to avoid in the past. Not so on Tuesday.

I arrived at the Bowl at 8:10 p.m. and Schowalter was just warming up. The audience sang "God Bless America" and then applauded vociferously as visitors from other states and other lands were introduced. Schowalter had the crowd sing a number from the hymnal and, after commenting on the beauty of their singing, called all the kids in the place — an awesome total — onto the stage. Once arrived, he had the Bowl audience salute the flag and sing the "Star-Spangled Banner," certainly the unwideliest song ever written for non-professional singing.

USING CRITERIA thus established, ensuing Tuesdays may turn up such things as calling all mothers on stage while the crowd sings "Mary Is a Grand Old Name" or the introduction of a petition against flying saucers.

while the pianist plays the "Air Force Song."

After undergoing Tuesday's community sing I must agree with the poet who observed that while swans sing before they die, "I would be better far could some people die before they sing."

Anyway, that's what held up the beginning of the Ballet Celeste program for 25 minutes.

THE SAN FRANCISCO company opened with a sometimes clumsy interpretation of Fokine's well-known "Les Sylphides," while a recording scratched through the familiar "Chopiniana."

Since the program did not list the dancers by sequence, it is difficult to single out artists for either praise or criticism — a factor that may have been considered in advance. The best segment was the fifth sequence in which a very poised young lady demonstrated both good control and a rapport with the music. (On that sequence, however, a black cat with balletic tastes wandered onstage and joined the dancers.)

The seventh segment indicated good reason for the postponing by the ensemble throughout the first six sequences. They lacked fundamental grace, had little ability for the classic movements and had great difficulty with the tempo.

ANOTHER FACET of present-day ballet companies that displeases me mightily is the idea of inserting a "popular dance" selection in their ballet program without changing their billing from ballet to dance impressionism.

The Ballet Celeste swung into a thing that is laughingly referred to as "Chinese Cinderella" which

may have been Chinese when it was discovered but certainly is Chinese no longer.

The almost slap-stick routines — with an abundance of hamlike over-acting — qualified it for drama criticism, not ballet. And the music was neither Chinese nor even approximately Oriental. (The company utilized some recorded music that sounded either Armenian, Persian or Jewish — or perhaps a polyglot of the three — and hardly any Chinese could have been taken in.)

ALL OF THIS, the community singing, "Les Sylphides" and "Chinese Cinderella" ran until 9:55 p.m., whereupon many of the audience — particularly those with children — left the Bowl.

As stated earlier, it would have been nice to watch the premiere of "Midsummer Night's Dream" but 10:15 is rather late to be starting on the Mendelssohn score — which runs more than 40 minutes.

But of the first two presentations, I didn't feel despondent on my drive back to Palm Springs anyway.

TEXAS TORNADO - - - By Alan Mauer

EDDIE SOUTHERN, TEXAS SPEEDSTER, RATED OFF HIS IMPRESSIVE A.A.U. 400-METER WIN, SHOULD BE ONE OF AMERICA'S BEST BETS IN THAT RETURN MEET WITH RUSSIA IN PHILADELPHIA, JULY 18-19.

ONE MIGHT SAY (BUT SHOULDN'T) THAT THE ABSENCE OF HIS NEMESIS, GLENN DAVIS, FROM THE 400 SHOULD BE A SOUTHERN COMFORT. GLENN BEAT EDDIE OUT FOR THE OLYMPIC 400-METER HURDLES AND THE MOSCOW 400-METER RUN.

Distributed by King Features Syndicate

ON SNIDER HOMERS

Dodgers Beat Reds, Now Half Game Out

LOS ANGELES — (UPI) — The word was spreading through the National League today that Duke Snider again was busting down fences.

The Duke, enjoying his best season since the Dodgers left Ebbets Field for Los Angeles, hit a pair of mighty homers Wednesday night to run his season total to 16, one more than last year. He also drove in three runs to complete his total in that department to 61, three more than all of last year.

THE DODGERS SCORED their 6-3 victory over Cincinnati thanks mainly to Snider, who now has a 10-game hitting streak and who has hit safely two or more times in the last six games.

Both of Wednesday's four baggers were over the distant right field fence, about 360 feet from the plate, and both came with the bases empty.

THE GIANTS ALSO won Wednesday on the blazing bat of rookie Willie McCovey and the clutch pitching of Jack Sanford to wrest the top spot from the Braves. McCovey clouted two home runs good for three runs and Sanford held Milwaukee to eight singles and pitched himself out of hot water several times. The score was 4-1.

The St. Louis Cardinals defeated the Pittsburgh Pirates, 3-0, and the Philadelphia Phillies downed the Chicago Cubs, 6-4, in other NL activity.

OVER IN THE American League, the White Sox notched a 2-0 win over the Baltimore Orioles.

Tigers Ink Pitcher

DETROIT — (UPI) — Patrick E. Dobson, 17-year-old right-hander from Depew, N. Y., who had a two-season record of 19-1 and pitched two no-hitters for the Lancaster, N. Y., High School team, has signed a bonus contract estimated at \$30,000 with the Detroit Tigers. He will play next season with the Birmingham Barons in the Southern Association.

Village Gets Playoffs for First Time

Biltmore Hotel, Mexican Colony Set for Tournament

A dozen crack softball teams from throughout Riverside and San Bernardino counties will start arriving here in mid-month for district playoffs of the Southern Municipal Athletic Federation, it was announced here today.

City Recreation Superintendent Howard Haddock said that Palm Springs has been named host city for the 1959 tournament that will decide championships in both major and minor classifications.

TWO VILLAGE TEAMS, the Palm Springs Biltmore Hotel and the Mexican Colony Club, are to represent the city in the tourney. They will compete against teams from Coachella Valley, Indio, Needles, Bloomington, Victorville, Yucaipa, Twenty-nine Palms and Fontana.

District 1, the district encompassing the Palm Springs area, is part of an eight-district softball organization under the auspices of the SCAF.

LIMITED FACILITIES in the Palm Springs area have forced some of the playoff games into the cities of San Bernardino and Riverside. Only one diamond—at the Polo Grounds—will see action here.

But quarter-finals, semi-finals and championship games will all be played here, the announcement said.

The entire tournament will be governed by a one-game, sudden-death elimination with winners of both minor and major league titles vying for the SCAF title in Riverside in early September.

MORE THAN A DOZEN of the district's best softball teams are scheduled to compete in the competition here but entry is limited only to SCAF—city-sponsored—league teams. (Teams that play under the American Softball Association regulations are not eligible.)

Colony Defeats Phonemen, 15-5, With 'Comeback'

Mexican Colony came from behind last night to register a 15-5 victory over California Water and Telephone Company in a Desert Softball League game.

The Phonemen play — for the second night in a row — against the Coachella Valley Savings and Loan at 8:30 p.m., tonight, in Polo Grounds here.

THE PHONEMEN started out last night as though they meant business. They scored two runs in the first inning, one in the second and contained the Mexican Colony through those two frames.

In the last of the third inning, however, the Colony Club hitters got eight safeties and combined with two walks and a CWT mis-cue — that was enough to ice the game. They scored a total of nine runs in the frame.

The Colony added two runs in the fourth, one in the fifth and three in the sixth but it was simply insurance.

THE CWT TEAM managed two more runs in the fifth inning but by then the damage was done.

Colony right fielder Dave Martinez had the big hit of the evening — a home run with two mates aboard.

Line score and batteries:
Telephone Company 210 000-6, 8:10 p.m.
Mexican Colony 009 213-15, 8:15 p.m.
Miller, Martinez (5) and Leifeld, Bradley (3), F. Prieto and Reyes.

STAN ROSIN, OWNER of Tahquitz Vista and El Encanto Hotels in Palm Springs and the Hermosa Hotel and Catalina Cottages in Catalina, did himself proud last week when he landed this 160-pound, 10-foot long marlin, caught in the channel off Catalina Island. With him on the fishing trip were Max Grone (right) of Palm Springs and

Harvey Green. Their fishing boat was the 18-foot launch Buzzy-Jo owned by Rosin. Rosin said he landed the fish in 15 minutes using a 6-thread line, 6-0 reel, and a 9-0 mope. "After years of marlin fishing off the Catalina coast," said Rosin, "this trio was finally the right combination."

Olmedo Seeking Grass Court Win After Layoff

SOUTH ORANGE, N.J. — (UPI) — Wimbledon champion Alex Olmedo was pitted against dark horse Donald Rubell of Brooklyn in a third-round match today as officials of the Eastern Grass Courts tennis championships hoped to resume play in men's singles.

All men's singles action Wednesday was postponed because of wet courts.

Some women's singles matches, which were scheduled later in the day, were played when the courts dried out and these produced two upsets of seeded players. Nancy Richey, 16, of San Angelo, Tex., defeated third-seeded Margaret Verner of Wilmington, Del., 7-5, 5-7, 6-4, and Belmer Gunderson of Chambersburg, Pa., beat fourth-seeded Donna Floyd of Arlington, Va., 6-4, 0-6, 6-4.

In addition to Olmedo's appearance, featured matches in men's singles today included second-seeded Bernard T. Barzen of San Angelo, Tex., vs. Mike Green of Miami, Fla., and third-seeded Dick Savitt of South Orange vs. Charles Chuck McKinley of St. Ann, Mo.

Martin Out for Month

WASHINGTON — (UPI) — Second baseman Billy Martin, who suffered a fractured cheekbone and a broken jaw when struck by a pitch in Wednesday night's game against the Washington Senators, was lost to the Cleveland Indians for at least a month today.

Rosensohn Gets Police Guard, Goes Into Hiding

NEW YORK (UPI) — Bill Rosensohn was under police guard at a secret hideout today while the district attorney's office and the State Athletic Commission continued their investigations of his fight promotions.

His telephone-answering service said: "Mr. Rosensohn will be back Saturday."

The assigning of detectives to guard him around the clock apparently attorney's office would not confirm that.

The young promoter said the guarding had started Wednesday. He made that disclosure after his fifth visit to the DA's office Wednesday, when he was questioned for an hour by Asst. Dist. Atty. Francis X. Clark and Thomas McBride.

He was then re-subpoenaed to appear before the "boxing" grand jury Aug. 28. That grand jury, which for nearly two years has been investigating underworld connections with boxing, is interested in the activities that surrounded the promotion of the June 26 heavyweight title fight between Floyd Patterson and Ingemar Johansson at Yankee Stadium. Johansson of Sweden stopped Patterson in the third round and took the crown.

Dist. Atty. Frank Hogan stressed that the fight is no being investigated—only the promotional activities surrounding it.

FIGHT RESULTS

United Press International
CHICAGO — Sonny Liston, 211, Philadelphia, knocked out Rino Valdes, 211, Cuba (3).

TOO HOT FOR YOU? COOL OFF DAILY IN SWIM SESSIONS

Villagers with a penchant for cooling off got a bit of advice from the City Recreation Department.

The city's program in Palm Springs High School's huge pool will continue through Aug. 14, the department noted. Pool hours are 1-7 p. m., Monday through Friday.

Swim classes for beginners will be held daily from 1-2 p. m. with additional classes also slated for intermediate and advanced swimmers.

Villager Vies In Carling Golf

CLEVELAND — (UPI) — Bob Rosburg, newly-crowned PGA champion, heads a field of 156 golfers, including Danny Forlini of Indian Wells Country Club, who tee off today on the opening round of the \$25,000 Carling's Open golf tournament.

Five former winners of this tournament will be shooting for a special bonus prize in the 72-hole event held at the municipally-owned, scenic, 6,966-yard Seneca Golf Course. This is a par 71 layout featuring two 608-yard holes on the back nine.

Rancho Mirage

By JEAN PATANE

After a month of visiting with friends in Tacoma and Seattle, Wash., and in Portland, Ore., Mrs. Christine Erick returned Sunday night to her Casa Verde Apartments.

Mrs. Louis Tanner left Monday for Ventura to spend a few days with her daughter, Mrs. Lenna Black, who was scheduled to arrive by plane from Havana, Cuba, where she attended the national

convention of the Niagara-Cyclo-Massage Company. The company took over the Havana Hilton Hotel for the five day conclave.

Houseguests this week at the home of the Tom Andersons (Hoams Construction) are his sister and children, Mrs. John Hill and Laray, Johnny and Danny, who drove down Monday from their home in Palos Verdes Estates.

Mrs. Clayton Singer left last Friday to spend the weekend in Glendale and Glendora and was accompanied home by her grandson, Mike Grove of Glendora, who will spend this week with his grandparents.

Mr. and Mrs. Glen Farr (he is vice president of Salton Sea Vista) and their daughter, Wendy, drove to Glendale Sunday to join members of his family for their annual reunion and picnic held at Fremont Park, with 150 attending.

Mr. and Mrs. Laddie Svoboda (Desert Holiday Apartments) and children, Joy, Jan and Randy, left Monday by car to visit with relatives and friends in Chicago. The Svobodas plan on returning in two or three weeks. During their absence her parents, Mr. and Mrs. John Vlasok, who make their home in Beaumont, are managing the Desert Holiday.

199 Kinds of Ice Cream
NEW YORK (UPI)—Ice cream now comes in 199 different flavors, according to the people who make Dixie Cups, including confetti, fandangos, peppermint chocolate swirl, apple strudel, cranberry, licorice, mint julep, pumpkin and vanilla.

Mr. and Mrs. Phil Franklin and children, Michael, Kathy and four-week-old John Stephen, and Mrs. Franklin's mother, Mrs. R. S. Carlson, who was visiting with the Franklins for the past month, left Sunday for Los Angeles. Mrs. Franklin and the children will stay at the home of her parents for the month of August. Mr. Franklin, who is manager of the Palm Desert Branch of Bank of America, returned Sunday night and will join his family for the last two weeks in August.

On Sunday, Aug. 2, Craig Guanella, son of Mr. and Mrs. Louis Guanella, celebrated his eighth birthday. Highlight of the occasion was the theater party attended by his family and his guests: Richard Humphries, Willie Blankenship, Danny Calahan and Michael Mottino. The boys spent the night with Craig at his home on Rancho Road.

The Almanac

United Press International
Today is Thursday, Aug. 6, the 218th day of the year, with 147 more days in 1959.

The moon is in its first quarter. The morning star is Mercury. The evening star is Venus.

On this date in history:
In 1890, William Kemmler—the first person in the United States to be electrocuted for murder—died in the electric chair in Auburn, New York.

In 1914, Mrs. Woodrow Wilson, wife of the president, died in the White House.

In 1926, Miss Gertrude Ederle of New York swam the English Channel in 14 hours and 31 minutes, the first American woman to do so.

In 1926, the first talking movie shorts were shown at the Warner Brothers Theater in New York.

In 1930, New York State Supreme Court Judge Joseph C. Stepien stepped into a New York City taxicab and was never seen or heard of again.

In 1940, Italy invaded British Somaliland, starting the Battle of Africa in World War II.

In 1945, President Harry Truman announced that an atomic bomb was dropped on Hiroshima, Japan, beginning the nuclear age.

Thought for today: Russian novelist Leo Tolstoy said, "A man having no freedom cannot be conceived of except as deprived of life."

Choreographer To Present Two Works Saturday

IDYLLWILD--One of the West's top-rate contemporary choreographers -- Eugene Loring -- will present two newly-designed works at 8:30 p.m., Saturday in the Idyllwild Arts Foundation theater.

The two performances will be: "DANCE IS A LANGUAGE," a theatrical omnibus of the dance, and "The Toy Box," a youngster's fairy tale adapted for adult presentation. Loring's latest work, "The Toy Box" was commissioned by the Los Angeles Music Festival and was premiered in UCLA's Royce Hall in June of this year.

LORING IS DIRECTOR of the American School of Dance in Hollywood and has acted as choreographer for such stars as Fred Astaire and as chief dance director for television's "Omnibus," "Crescendo," "Red Mill" and "Debut."

Superior Court

No. 65009-65010

Sheriff's Sale on Execution

MONTAGNE N. HERBERT, Plaintiff

vs.

GEORGE E. GOLDBERG, Defendant

Under and by virtue of a Writ of Execution, issued out of the Superior Court of the County of Riverside, State of California, dated the 16th day of July, A.D. 1959, in the above entitled action, (and directed to the Sheriff of the County of Riverside, State of California,) wherein THOMAS M. SWEARINGEN obtained a judgment in the Superior Court of the County of Riverside, State of California, against GEORGE E. GOLDBERG, the above named defendant, on the 16th day of January, 1959, for the sum of Eight Hundred Twenty Five and no/100 dollars and cost, I have this day attached and levied upon all the right, title, and interest, and all of the following described real property, situated, lying and being in the County of Riverside, State of California, and more particularly described as follows: to-wit:

Lot 2 in La Rambla Tract No. 4, as per map recorded in Book 18, Page 12 of Maps, records of Riverside County, California.

Lot 3 in La Rambla Tract No. 4, as per map recorded in Book 18, Page 12 of Maps, records of Riverside County, California.

Lot 7 of La Rambla Tract No. 4, as per map recorded in Book 18, Page 12 of Maps, records of Riverside County, California.

That portion of the West half of the Northeast quarter of Section 17, Township 3 South, Range 4 East, San Bernardino Base and Meridian, as shown by United States Government Survey, which lies Southerly of the following described line, beginning at a point on the West line of the West half of the Northeast quarter of Section 17, Township 3 South, Range 4 East, San Bernardino Base and Meridian, as shown by United States Government Survey, which lies Southerly of the following described line, beginning at a point on the West line of the West half of the Northeast quarter of Section 17, Township 3 South, Range 4 East, San Bernardino Base and Meridian, as shown by United States Government Survey, which lies Southerly of the following described line, beginning at a point on the West line of the West half of the Northeast quarter of Section 17, Township 3 South, Range 4 East, San Bernardino Base and Meridian, as shown by United States Government Survey, which lies Southerly To Plan for Need

'Census' Takers To Count Horses

Those census boys are counting noses again, only this time, the noses belong to horses instead of people.

The census takers in this case are members of the California Public Outdoor Recreation Plan Committee, which started a statewide "roundup" of horseflesh Saturday.

COMMITTEE COUNTERS are plunging into the outposts of California saddlery to tally the number of pleasure horses in the state, county by county.

The object? Well, according to DeWitt Nelson, chairman of this special recreation study group, the idea is to secure data to assess the present and future needs of riders in California.

The committee, it was explained, was organized by the state Legislature in 1957 to make an intensive review of all factors affecting outdoor public recreation, a study apparently aimed at the formulation of an overall recreation plan.

NELSON POINTED OUT that such activities as swimming, camping, boating, fishing, hunting, riding and hiking, sightseeing and winter sports are a part of the total study.

So, more than 11,000 equestrians are now counting the pleasure horses currently stabled in the state. The census is under the leadership of Tom Johnston, president of the California State Horseman's Association, and Sydney Mason, president of Equestrian Trails, Inc.

And Nelson has a kind word to say for the riders who are saddling-up for the big nose count: "The equestrians of the state are to be commended for their contribution in undertaking this very essential survey."

Villager Wins Thrifty Contest

A Palm Springs woman today was named as a winner in Thrifty Drug Stores' 30th Birthday Jubilee contest.

She is Mrs. Michael Chait, of 569 Beverly Drive here, and her prize is Max Factor's Primitif perfume. In addition, Mrs. Chait also receives a bonus prize of some free Disneyland tickets.

A total of 61 prizes valued in excess of \$15,000 were given away by the drug chain in celebration of its 30th anniversary.

Program Ends Thousand Palms Bible School

THOUSAND PALMS — Thousand Palms first Daily Vacation Bible School, held at the Thousand Palms Community Chapel, was climaxed by a program at the Chapel.

Steven Williams, son of Mr. and Mrs. Chester Williams of the Ivey Ranch, received the first award for the older group of youngsters. Richard Jackson, son of the Richard Jacksons of Shangri-La Palms, was awarded second place.

OF THE YOUNGER group, first went to Playliss Williams, sister of Steven, with second going to Lorraine Mendez of Indio.

On the certificates presented to each child who attended the week's Bible School were seals and ribbons denoting perfect attendance, daily Bible verse participation, and Bibles on hand daily for those who had earned these distinctions.

THE PROGRAM consisted of flag salutes — of both the American and the Christian flags, the pledge of allegiance to the Bible, a Bible drill led by Steven Williams, a flannelgraph story by Miss Donna Cook, one of the leaders of the school, and singing.

Miss Cook, a missionary at the Farm Labor Camp in Indio, was assisted during the week's instruction by Cazzle Henson and Mrs. Dewey D. Wallace, Sr., of Thousand Palms. Some 25 to 30 youngsters of the community were in attendance at the Bible School.

MARINES TO JOIN SHRINE PAGEANT IN LOS ANGELES

TWENTYNINE PALMS — The First Field Artillery Group of the Fleet Marine Force, now based here, will participate in the Eighth Annual Shrine Pageant in the Los Angeles Coliseum Friday under the reviewing gaze of — that's right, their own commanding officer.

Pageant Director B. Pat Groom announced today that Brig. Gen. A. L. Bowser, commandant of the Twentynine Palms Marine Corps Base, will be one of six flag officers reviewing the estimated 5,000 troops.

The review will be staged prior to the Shrine's North - South football classic which will also include a performance by an oriental band and a motorcycle drill team at halftime.

The first completely automatic process for manufacturing tires was developed in 1924.

Dear Abby...

DEAR ABBY: One of our co-workers is a lovely, intelligent decent girl but she has started to run around with a married man who works here. Her eyes follow every move he makes. Anyone can tell she is in love with him. She knows he is married and has children but the same. The man has had several such affairs right in this office but this girl thinks hers is different. How can we stop a respectable, highly - principled, decent girl from ruining her life over this man?

—OFFICE GIRLS

DEAR ABBY: You are mistaken. No "respectable, highly-principled, decent girl" would date a married man in the first place. Girls who take a romantic interest in married men are asking for trouble — and they are rarely disappointed. Your co-worker is destined to learn the hard way.

DEAR ABBY: I am 14 but I am big for my age so I told this guy I was 17. He picks me up at my girlfriend's house because my parents don't want me going in cars with boys. He is 18 and I hate to tell you this, but I think I am too young to be parking with a boy of his age. I feel so guilty and mixed up. Half of me wants to see this fellow again and half of me doesn't. Please tell me what to do.

—MIXED UP

DEAR MIXED: Use the half of you with the brains in it to convince the other half to stay away from this character. He has none.

DEAR ABBY: I wonder if I am the only woman who faces such a problem? When my husband and I go out to buy something (or have something repaired) he is never satisfied with the fixed price. He has to bargain. Oftentimes he gets the price down, but I get so embarrassed I don't know what to do. We have been married 26 years and he has been this way always. Is there any hope of changing him or not.

—FREDA

DEAR FREDA: After 26 years if you think you are going to teach your old dog new tricks — you are barking up the wrong tree. Let him have his fun. No harm done.

DEAR ABBY: My problem is a

ABIGAIL VAN BUREN

sweet little niece who is 14 (almost 15). She thinks she is in love with a 24-year-old man who works at the neighborhood grocery store.

She runs there every evening and asks him for a ride home in the market truck. He takes her for a spin around the block and then home. She doesn't even know his last name, but firmly believes she's in love with him.

She won't listen to her mother. (She says she's "old-fashioned.") Please say something in your column (she reads it faithfully) before this crush gets out of hand.

AUNTIE

DEAR AUNTIE: This crush can-

not get out of hand if she leaves the grocery store on foot. Ask the Romeo at the market to co-operate by explaining to her that he isn't allowed to have riders in the truck.

DEAR ABBY: Our son is 24. He's just been divorced and is living at home again. He is robust, gainfully employed and is buying an automobile and motorcycle on time. He is on the go seven nights a week.

Should he be expected to contribute toward home expenses. If so, how much is fair? We are in moderate circumstances.

DISAGREEING PARENTS

DEAR ABBY: A 24-year-old "boy" is a man. He should, in my opinion, contribute the same amount at home that it would cost him to live in a hotel (or rooming house) plus his board and laundry. You do him no favor by supporting him when he is able to support himself.

DEAR ABBY: My husband is a wonderful guy but he has one bad fault. He always has his nose in a book, magazine or newspaper. Do you think he is happy with his home life? I sometimes think he is bored. He says he loves me, but he doesn't act like it. Please answer this.

DEPRESSED

DEAR DEPRESSED: Why don't

The Old Desert Rat Had Something

Famed in song and story is the old desert rat. He is one of the basic characters who played such a great part in early Western history. Usually he was pictured preceding his heavily laden burro in his unending search for the desert's wealth. He found it too. He found gold, he found borax, he found silver as well as many other useful and precious minerals but his greatest discovery was the desert itself.

His fare of flapjacks, beans and Java is a far cry from the cuisine available in Palm Springs' many fine restaurants—his primitive camp vastly different from Palm Springs' luxurious homes. He never heard of air conditioning but he had seen a sunrise in the desert. He breathed the desert's life-giving clear, pure air. He, too, was a sun worshiper and knew there was no sun like the sun that shone down on the desert, a sun that when it set turned everything to gold. He knew the magic of the desert nights under a full moon when what had been been gold now became silver contrasted against deep purple shadows. He knew the way of life that is the desert, for if it did not always yield the gold he sought it did yield treasure of health and experience that was priceless. His glory holes may no longer yield their precious metals but the real wealth of the desert is inexhaustible for all of us to enjoy.

That's why we love the desert and why we have our stake right here. Of all this wonderful desert that is available to us we love Palm Springs the best. For here we may enjoy all the desert has to offer without relinquishing the advantages of modern civilized living. This is a city in the fullest sense of the word yet without any of the hustle and bustle, the noise and aggravations of the metropolis. This is a city for living, a city of homes worth living in.

We, of Alexander Construction Company, are proud of our contribution in the homes we have built for so many of those who now enjoy desert living at its very best. May we invite you to come out and visit us so that you may see for yourself.
